

Join us for the SMC Inspirational Day 2022

Stronger together!

– You are part of a network with belief in a better world

With international partners in over 50 countries, we are part of a fantastic network which puts faith in development. Our belief in a better world is at the core of our contribution to the global goals in Agenda 2030.

For this year's Inspirational Day we want to talk about what we as a network can achieve together over the next five years. We will share examples and experiences from our network but also from invited speakers with expertise on topics like partnership and innovation, green transition and virtual project visits.

The event will be held in English. If there is high demand, we will translate to French.

Date: February 7th, 2022

Time: 9.00-15.30 CET

Location: Zoom

About registration

All SMC member organisations are welcome to register ten (10) participants including representatives from cooperating partners – please share this invitation with them!

[Use this link to register no later than February 1st, 2022.](#)

More information and a link to Zoom will be sent to registered participants in due time.
